

## Walk'n Ride Rally in YOKOHAMA

Fun challenge while hopping around tourist attractions!

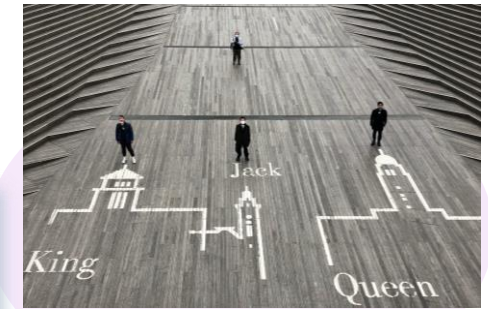

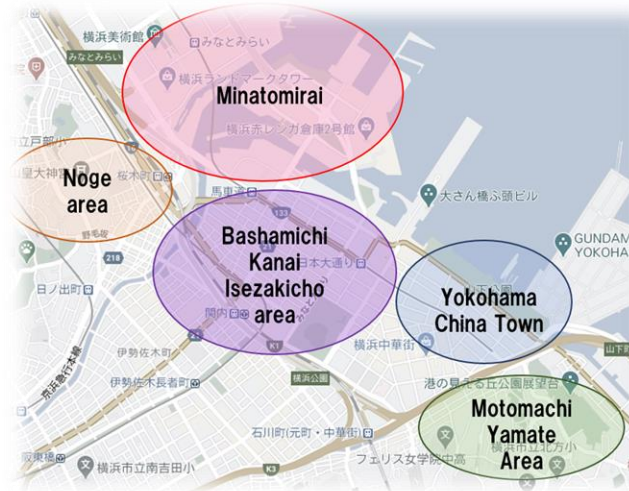

Foster creativity, teamwork and togetherness!

On receiving your team's mission sheet at the starting point, everyone executes their tasks at each designated tourist attraction. After completing the tasks, teams receive points depending on their produced outcome.

When all the tasks are cleared, teams need to produce the quiz's final answer and head for the finishing point!

For transportation, 1-day passes (the use of Yokohama Municipal Transportation and Yokohama Minatomirai Railway) will be issued so that the teams can move from point to point on their own. The program enhances togetherness and unifying force within each team's organization by sharing fun travel memories.

※The Yokohama City Tour-type Team Building Development Project (Walk'n Ride Rally in Yokohama) is a project adopted by the Yokohama Convention & Visitors Bureau's Yokohama Creation Scrum Grant Program in 2020.
